

# LEUVEN CITY HOSTEL

## HOW TO FIND US

### Train/bus

- As you are leaving the train station you will see a long shopping street called Bondgenotenlaan (at the end of which you will see the city hall);
- Walk about 200 meters on this street until you see the Justus Lipsius statue;
- Take Koning Leopold I-street, and then take the first street left after another 200 meter. This street is called Bogaardenstraat. You will see our hostel after about 50 meters.

### Car

- Find your way to Leuven's ring road (R23) and drive into the city centre at a large crossroad called Tiensepoort. The street you are driving on is called Blijde Inkomststraat;
- You will see traffic lights after 300 meters. Turn right (Maria Theresiastraat) and then left (Bogaardenstraat). You will see our hostel after about 100 meters.

Parking: you will need to pay to park on the street in the entire city centre. Outside the city centre parking is free in certain areas. We recommend you park your car in our secure car park.
